LOS VINOS

CAMPO DE CRIPTANA

VINÍCOLA del CARMEN

Vinicola del Carmen stands as one of the most representative wineries of Castilla-La Mancha, a land where the vineyard is not just a landscape: it's culture, craft and character.

With a solid and cohesive trajectory, this winery has established its own distinctive identity based on a simple and demanding principle: that great wine must speak the truth of its origin.

The heart of its project beats in close collaboration with local growers, a bond that guarantees not only the quality of the grapes, but also respect for the natural rhythm of the vine. This careful alliance is nurtured *from the first shoot, selected* with care so that each harvest *expresses the essence of the region.*

CASTILLA-LA MANCHA

FINCA LA BLANCA

Winemaking tradition and elegance
in the heart of La Mancha

FINCA LA BLANCA

At Finca La Blanca, our wine reflects our history, our dedication and our passion.

Belonging to GRUPO HUERTAS, as a family-owned winery with a solid trajectory, we have successfully kept our roots alive by combining winemaking tradition with innovative techniques to offer wines of exceptional quality.

Located in La Puebla de Almoradiel (Toledo), our winery cultivates its own vineyards, where each grape is carefully nurtured to ensure that every bottle maximizes the expression of the land. We firmly believe that a great wine is born in the vineyard, and that's why we are dedicated to meticulous cultivation that allows us to obtain balanced, characterful harvests.

Our philosophy is based on harmony between the legacy of generations and constant evolution. Thanks to this approach, we have developed Dehesa del Navazo, our great commitment to the future. This line of wines, designed to respond to current market trends, maintains the essence of our winery: authenticity, quality, and a deep respect for the craft.
